Principal's Message

Dear Parents and Students,

It is with great pleasure that I welcome you to our College (**DIET**) Newsletter. As a Principal I am hugely impressed by the commitment of the college and the staff in providing an excellent all-round education for our students with our state of the art facilities. We as a team working together, strongly promote the zeal towards academic achievement among our students. The cultural, sports and other successes of all our students and staff are also proudly celebrated together.

I congratulate the staff and students who brought latest technologies and concepts onto the day to day teaching learning platform. As long as our ideas are expressed and thoughts kindled we can be sure of learning, as everything begins with an idea.

I appreciate every student who shared the joy of participation in co-curricular and extracurricular activities along with their commitment to curriculum. That little extra we do, is the icing on the cake. 'Do more than belong – participate. Do more than care – help. Do more than believe – practice. Do more than be fair – be kind. Do more than forgive – forget. Do more than dream – work.

With a long and rewarding history of achievement in education behind us, our DIET community continues to move forward together with confidence, pride and enthusiasm.

I hope you enjoy your visit to the website and should you wish to contact us, please find details at the college website www.diet.ac.in/

Yours in Education,

Dr. Ravi Kadiyala

PRINCIPAL

SEMINAR BY “YOUNG INDIA”

Co-chair Mr. *Rajesh Kumar* addressing about Young India

Chair Person *Nannapaneni Bhaskar* Addressing about Young India

→ Industrial visit's ←

The main theme of the “**INDUSTRIAL VISIT**” is to provides students practical perspective of work place. It also provides the students with an opportunity to learn practically through the interactive working methods and employment practices & also combine theoretical knowledge and practical knowledge

To provide the students the exposure of workplace the department of “**ELECTRICAL AND ELECTRONICS ENGIUNEERING**” has enabled the “**INDUSTRIAL VISIT**” to “**III year**” students to the “**VOLTACTIVE**” Pvt.ltd company on 28/9/19.

The following are some of the photographs taken during their visit....

For 4th year students the department organized the visit to **Electrical Train Simulation Center** near “**GUNADALA**”

The main theme of the visit is to provide the visit is to get enhance the students knowledge over the locomotives and students got **Experience** of driving the **Locomotive** on **SIMULATOR** students had a great time on the visit.

→ WORKSHOP'S ←

Workshop can introduce a new concept, spurring participants to investigate it further on their own, or can demonstrate and encourage the practice of actual methods. It's a great way to teach hands-on skills because it offers participants a chance to try out new methods and fail in a safe situation.

To provide students with the practical knowledge & technical skills the department of EEE has arranged workshops for the students of both **II & III years.**

“PLC WORKSHOP”: for **III** year

“PCB WORKSHOP”:for **II** year

→ PLC WORKSHOP ←

→ PCB WORKSHOP ←

→ENGINEER'S DAY←

On the occasion of “**ENGINEERS DAY**” the department has conducted some of the event “*Paper & Poster presentation*”.
